**Subject:** Logistics

Hi all, I have been officially told that my last day on-site will be Friday, 11/22.

Currently, looking at the schedule in which there could potentially be 10 cases due the week of 11/18, I don't want to see cases after 11/14 except for a case I may have to see with Lorraine on 11/19.

Thanks,  
Anansa
